CARACAL (NEW IN 2022)

Hydraulic 180° gate closer & hinge

Perfectly pairs with the FortiMa latch

Fiberglass reinforced PA housing

Automatic 180° closure

Adjustable closing speed

Aesthetic design

Fast and easy installation

Horizontal & vertical adjustability

Maximum gate weight of 140lbs

The Caracal and the Serval are the newest members of the Locinox family product line. The Caracal is the hydraulic solution to a 180° gate closer and hinge. For a spring hinge with 180° functionality, the Serval is the simple spring hinge option.

Both options can be paired with the FortiMa pool and park magnetic gate latch. Caracal can be used as a top hinge, and should always be paired with the Serval as the bottom hinge. Serval can be used as bottom hinge as well as top hinge on a gate.

FORTiMA

Sleek and Sturdy Child Safe Magnetic Latch
for pools and parks
